A bit more about the club and how they 'work'.

If you've got as far as being able to look something up on the internet, read and reply to an email but still lack confidence in using your computer/tablet/other digital device, the Club may well be for you. Our team of volunteers led by a trained Facilitator will help you with your tech questions/frustrations and build your confidence e.g. how to view/save a photo, forward an email, get the hang of using a tablet or mobile phone, make sense of Facebook, look up bus or train info etc. Please bring your own device if you can and we'll try to give you at least 20 minutes help on a 1:1 basis or longer if you're part of a small group working on a topic.

We finish up each session with a tea/coffee and chat. Our experience at the clubs is that as people get to know each other, they look forward as much to 'social' time as the informal 'tech support'!

*** Contact Mike Ellis for more information including on 'beginner' courses. Tel 0131 228 5716/ m 07505555011**
