

Let the
Parliament's new
committees know
**what your
priorities are**

**The Scottish Parliament's
Participation and Communities
Team (PACT) are looking to
inform the work of Committees
between 2021 and 2026.**

We want to hear your views on the topics the Scottish Parliament should prioritise as Committees start working in Session 6.

Using a digital platform called Your Priorities, you can tell us what matters to you, you can share your ideas and vote on other people's priorities.

Have a say on these topics and many more.

To take part, go to www.parliament.scot/yourpriorities on a computer or mobile phone. The consultation will close on 30th July 2021.

For guidance on how to use the platform, please email PACT@parliament.scot and we will send you a step by step guide.

What matters to you?

Tell us your
priorities
