Deduct personal care allowance	£ 212.85
Fee to be paid by the resident	<u>£ 1,392.24</u>

Nursing care allowance

In addition, if assessed and eligible for the nursing care allowance this is also deducted from the weekly fee. If you are eligible for this contribution, it will be paid directly to us by the local authority and will be deducted from the weekly fees quoted.

Single room with en-suite. Weekly fee	£1605.09
Deduct nursing allowance, which includes personal care allowance	£308.65
Fee to be paid by the resident	<u>£1,296.44</u>

Other things to note

Self-funding residents are asked to provide evidence that they have the funds to support their placement for at least 3 years. The manager will discuss the assessed needs with the resident, family or guardian in relation to the minimum period of guarantee when a client may be unable to satisfy the minimum funding criteria.

No upfront payment/ deposit is required.

In the event that you anticipate that your capital /Funds will fall below the upper capital limit of £29,750.00 you may become eligible for local authority funding. In order to be considered for funding you will need to contact the local authority at least 3 months in advance of your capital dropping to the threshold. It is important that you also advise the care home manager of the up

and coming changes in your circumstances. Should this occur, and you receive funding support from the local authority there will be no change to your accommodation or the services provided. Our fees are reviewed on an annual basis in line with inflation and other requirements placed upon us by the local authority and Care Inspectorate, such as Scottish Living Wage and the Minimum Living Wage increases.

In circumstances where a guarantor is involved, their role, responsibilities and extent of their liability are clearly defined in the contract.
